ABOUT US

We are registered in Nigeria and our law office comprises of seasoned Legal Practitioners. We are established to serve as a convener of excellence in integrated legal services, to advance the rule of law and alter legal practice paradigms in the Nigerian landscape. In our practice of law, we use cutting-edge technology and uphold the highest level of ethical conduct in the legal profession.

We hope to pioneer forensic advocacy and scholarship in the Nigerian society by shedding light on municipal and international laws and canvassing new enduring positions through creative argument.

We have very excellent support staff and we are well positioned to rapidly meet the needs of domestic and international clients through a broad range of customized legal services by mobilizing and deploying the vast resources of the firm and our highly experienced lawyers to meeting client's requests.

LEGAL CONSULTING SERVICES

We provide legal advice and consultation to companies, individuals, global professional firms, the boards of corporations and national governments. The broad range customized advice enables our clients to think clearly and make decisions more confidently; to plan for the long term within their organizations; to communicate more effectively with their internal specialists; and to create a culture and working environment in which technology and knowledge systems are welcomed and can flourish.

We offer first-class service as commercial solicitors and our firm is presently handling several Litigation and Arbitration matters. The services we offer includes but not limited to the following:

- * Litigation*
- * Business Advisory Services*
- * Dispute Resolution and Management*
- * Energy, Oil & Gas Law Consultancy*
- * Intellectual Property Law*
- * Information & Communication Technology*
- * Immigration Law*
- * Maritime and Aviation Law*
- * Company Registration and Secretarial Services*
- * Property Management*
- * Legal Advisory and Consultancy Services*
